Ceilings Walls Ceilings and Walls

Discover CeilClad, Tranquil's advanced ceiling system that redefines interiors and exteriors with the perfect blend of functionality and elegance. Engineered for effortless installation, CeilClad features a smart click-lock system and reinforced panels, ensuring fast, secure fitting with minimal effort. Lightweight, durable, and maintenance-free, it offers long-term reliability for both residential and commercial spaces.

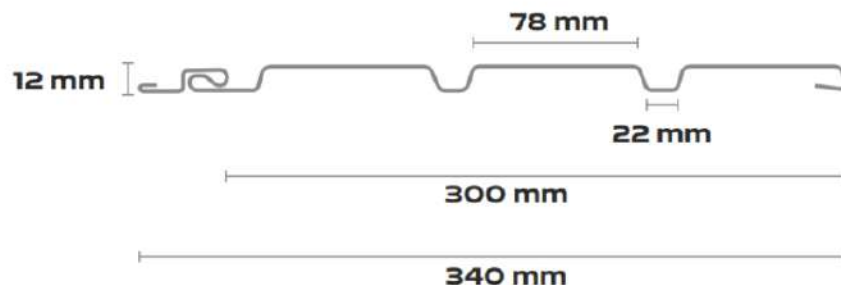

Choose from two stunning collections:

Neutral: Sleek, contemporary shades for a modern look.

Natural: Rich, wood-like finishes that authentically replicate natural grain and texture, offering the warmth of timber without the upkeep.

Designed with precision, CeilClad includes surface protection—ideal for creating healthy, long-lasting environments.

Whether you're aiming for minimal sophistication or natural charm, CeilClad is a smart, cost-effective alternative to traditional wooden ceilings.

ULTRA PREMIUM **SOFFIT PANELS**

Versatile Ceiling Solutions for Indoors & Outdoors

CeilClad is more than just a ceiling system—it's a versatile design solution for both exterior and interior spaces. Whether you're finishing a roof overhang, balcony, terrace, or an indoor ceiling, CeilClad offers a seamless, stylish finish that's easy to install and maintain.

Design Your Way

Install horizontally, vertically, or diagonally on the ceilings and interior walls

Mix colors and finishes for unique combinations

Use for large surfaces or detailed feature areas

Seamless Transition from Indoors to Outdoors

Use the same CeilClad panels inside the home and on adjacent exterior ceiling areas to create a consistent, unified look—perfect for modern architecture and open-plan living.

Perfect for Curved Surfaces

CeilClad panels are flexible and adaptable, making them ideal for arches, curves, or irregular structures.
